Necessity to Operate as a Reseller of)	
Interexchange Telecommunications Services)	
and for Alternative Regulation of its Business)	
Service Offerings.)	

This matter comes before the Public Service Commission of South Carolina (the Commission) by way of a request from Network International, LC (Network or the Company) seeking cancellation of its Certificate of Public Convenience and Necessity to operate as a non-facilities based reseller of interexchange telecommunications services in the State of South Carolina and for alternative regulation of its business services offerings.

By letter dated April 26, 2001, counsel for Network advised the Commission that the Company was no longer in need of its Certificate of Public Convenience and Necessity to operate as a reseller of interexchange telecommunications services in South Carolina. Network's authority to provide resold interexchange telecommunications services was granted by Order No. 1999-282, dated April 15, 1999. Network's request for cancellation provided that the Company had ceased providing service to all its customers in South Carolina effective December 31, 2000, and that all end users received a seamless transition of service to the carrier of their choice as provided by regulations of the FCC.

As Network is no longer providing the services for which its Certificate was granted, the Commission finds and concludes that Network's request to cancel its Certificate should be granted.

IT IS THEREFORE ORDERED THAT:

1. The Certificate of Public Convenience and Necessity to provide local and interexchange telecommunications services authorized by Order No. 1999-282, dated April 15, 1999, issued in Docket No. 98-439-C is hereby cancelled. Accordingly, Network's tariff is ordered withdrawn.

2. This Order shall remain in full force and effect until further Order of the Commission.
